## WHAT WE LOVE ABOUT ESCA

Smooth and graceful, concentric rings of natural wood frame the James Martin Vanities Esca mirror, giving the collection a timeless, organic beauty. This unique collection from the well-respected brand features a choice of neutral, understated colorways, each with a high-quality, beveled mirror at the center. Space between the dual frames of this versatile mirror allows wall tiles to peek through for a look that feels light as air. Esca complements our range of vanities, making it simple to shop for a complete look.
